

**INVITATION to
ART EDUCATION AUSTRALIA's RESEARCH CONFERENCE
ART & CREATIVITY - A NEXUS?
Re-thinking the benefits of visual arts education in the 21st century**

**9.00 – 4.00pm Thursday 23rd October, 2008
Monash University, Faculty of Art & Design, Caulfield Campus**

RESEARCH AND THEORETICAL PAPERS will explore aspects of the theme, such as:

- Can creativity be taught?
- Can creative behaviours be taught through the visual arts?
- Engaging creativity, imagination and emotion in the visual arts
- Are the visual arts central to a 21st Century curriculum?
- What are the benefits of teaching art in the 21st century?
- When do the visual arts explicit engage thinking?
- Visual arts education for the 21st Century – what does it look like?
- Why engage students through (their) visual culture?
- Making meaning with mobile phone imaging?
- Digital art and creative learning
- Movement in art – the place of contemporary digital video art
- What is best practice in visual arts education?
